Degree: Associate of Arts in Economics (AA)

LIBERAL ARTS

Program Description: Economists examine how individuals and groups, including companies and governments, decide how they will use limited resources to produce and distribute goods and services. Students who study economics ask questions about trade, taxes, prices, and monetary policy. Students choosing economics as a major typically follow the pathway through Austin Community College’s Economics Program, then transfer to a bachelor’s degree program at a four-year institution.

Transfer Information

The Associate of Arts in Economics provides a transfer pathway to a 4-year college or university where students can earn a bachelor's degree. Students are strongly encouraged to select a transfer destination by the time they have completed 24 semester credit hours.

Economics degrees at a 4-year institution may be offered as Bachelor of Arts, Bachelor of Science and/or Bachelor of Business Administration. Consider majoring in Business Administration at ACC if you are interested in pursuing a Bachelor of Business Administration in Economics at a 4-year institution.

Transfer Guides: *The universities listed here do not constitute an ACC endorsement. Transfer course evaluations and determination of what courses will count toward a bachelor's degree are made by the receiving transfer institution.*
