Students should meet with their ACC advisor prior to taking these courses and are encouraged to contact the Department Chair for additional information about the AAS degree, transfer options, and the related certificate program options.

Students desiring to pursue a traditional Bachelor of Business Administration degree may want to take some Management courses but should be enrolled under the Associate of Science in Business Administration degree plan. Applicants for admission to the program must fulfill the general requirements for admission to Austin Community College. For more information see a Management advisor.

Transfer Information

The Associate of Applied Science in Management prepares students to directly enter the workforce; however, a Bachelor of Applied Arts and Sciences (BAAS) is an excellent alternative to the BBA degree. These degrees apply non-transferable courses and work experience towards the degree. You still must meet general education requirements and take upper level courses.

You may consider majoring in the Associate of Science in Business Administration at ACC if you are interested in pursuing a Bachelor of Business Administration at a four year institution.

Transfer Guides: The universities listed here do not constitute an ACC endorsement. Transfer course evaluations and determination of which courses will count toward a bachelor's degree are made by the receiving transfer institution.
